German Democratic Republic/Bulgarian Cultural Agreement

2. The scientific portions of the working plan of the cultural agreement between the German Democratic Republic and the People's Republic of Bulgaria which is in force from April to December 1952 are as follows:
  - a. The Bulgarian Academy of Sciences is to exchange scientific research information and academic publications with the Academy of Sciences in Berlin or with other academies in the German Democratic Republic.

- b. Individual scientific institutes subordinate to the academies are to cooperate toward increasing the exchange of publications, information, and news, and developing cooperation between scientists in order to solve specific problems of interest to both peoples.
- c. An exchange of books, magazines, documentary material, and scientific papers is to take place between the libraries of scientific academies by means of library loans. Where possible, brief tables of contents in Russian or German will be attached to the material to be exchanged.
- d. Secretaries of Scientific Academies will report every six months on the fulfillment of the above points.
- e. In addition, the libraries of both countries will exchange bibliographic indices of the most important reports in the published books and periodicals.
- f. The mixed commission recommends and requests the leading libraries in both countries to start expositions of new publications and books of each other's country.

50X1-HUM

1.  Comment: Nejedly is also the Czechoslovak Minister of Education.
2.  Comment: Only 12 foreign corresponding members were identified rather than 13 as was indicated in the introductory paragraph of the document. 50X1-HUM
